

## **Assistive Technology Support Services Program**

# **Ongoing Support Package**

***A Cost-Effective Alternative  
to Formal Evaluations***

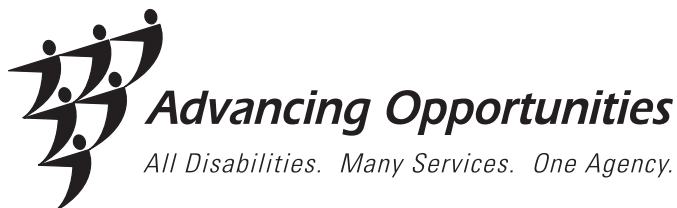

Our consultants will visit your district on a regular basis to consult with teachers and child study teams, as well as work with students on technology solutions to enable them to achieve educational success. We will also train school personnel to be more proficient in applying Assistive Technology in the classroom.

### ***Hire a Certified Assistive Technology Consultant Part-Time and Receive Full-Time Benefits***

- ◆ Utilize technology already in-district to better meet student needs
- ◆ Empower teachers and therapists to perform AT trials themselves
- ◆ Consistent support; less paperwork
- ◆ Emphasis on outcomes over evaluation
- ◆ Make budgeting for Assistive Technology Services easier
- ◆ Ensure students receive follow-up training and support
- ◆ Introduce concepts of Universal Design for Learning in all classrooms
- ◆ **Save Money -- Support Services Program is Billed at Our Lowest Rate**
